Dear Parent:

Ever notice the look on your baby's face when he learns something new? These moments are a parent's greatest reward. To encourage these moments, we have created the Brainy Baby® Left Brain™ and Right Brain™ series of toys.

Based on the award-winning Brainy Baby® video series, these toys will help develop both sides of a child's brain to give him a cognitive advantage. Right Brain™ toys focus on encouraging creative skills such as music, art, imagination, and creative thinking. Left Brain™ toys are designed to encourage cognitive thinking skills such as logic, patterns, letters & numbers, and analyzing details. Working together, this revolutionary line of toys will engage your child's whole brain, and boost a baby's intellect!

At Brainy Baby®, we know that your child's education begins at birth - and we're proud to be a part of that. After all, at VTech® and Brainy Baby®, your child's future is our inspiration!
