CHICAGO, Oct. 21, 2015 /PRNewswire/ Today VTech<sup>®</sup> announced three products received prestigious Play Advances Language (PAL) Awards for toys that enrich speech and language developmental skills and keep children engaged as they learn. The Go! Go! Smart Animals<sup>®</sup> Grow & Learn Farm<sup>™</sup>, Baby Amaze<sup>®</sup> Learn to Talk & Read Baby Doll<sup>™</sup> and Sit-to-Stand Ultimate Alphabet Train<sup>™</sup> were all recipients, continuing the company's series of honors this holiday awards season.

A brand extension of the award-winning Go! Go! Smart line that included a 2015 Toy of the Year (TOTY) Award winner, Go! Go! Smart Animals offers more ways for kids to go wild with learning with kidfriendly playsets such as the Grow & Learn Farm. VTech's addition to the baby doll aisle, the new Baby Amaze line, injects innovation into traditional baby role play with technology to teach nurturing concepts and developmental milestones. And the Sit-to-Stand Ultimate Alphabet Train, an engrossing ride-on toy that grows with a child and teaches letters, colors, numbers and more, is the newest acclaimed introduction from the company's growing Baby, Infant & Preschool line, which now includes more than 100 innovative learning products.

"Our foundation was built on the creation and development of innovative, age-appropriate content for young children, and these products demonstrate our ongoing commitment to our heritage," said William To, President, VTech Electronics North America. "We are thrilled for the recognition of the PAL Awards for our acclaimed Go! Go! Smart and Baby, Infant & Preschool lines, as well as Baby Amaze, which has received superb feedback since its introduction this summer."

"VTech's products easily met our top criteria for toys that foster crucial language skills and stimulate the senses," said Sherry Artemenko, PAL Awards founder and speech and language expert. "Our kid testers enjoyed exploring the Go! Go! Smart Animals Grow & Learn Farm, and learning letters, colors and shapes with Reggie the Rooster. The Sit-to-Stand Ultimate Alphabet Train, which is jam-packed with engaging features, was a huge hit for its versatility and mobility. And the Baby Amaze Learn to Talk & Read Baby Doll prompted intuitive caregiving as our kids responded to the requests of the interactive doll, building their language skills through listening and repeating."
