

Let Your Dreams Shine!™ Award-Winning Flipsies™ Line by VTech® Available Now

Flipsies Offer Girls Innovative and Aspirational Collectible Dolls and Playsets

CHICAGO, August 24, 2015 /PRNewswire/ Today VTech® announces the wide availability of [Flipsies™](#), a new line that combines traditional role play with collectible dolls and accessories with interactive MagicPoint™ technology to encourage girls to dream big. Anchored by Sandy's House & Ocean Cruiser, the recipient of a Gold Award from the National Parenting Publications Awards (NAPPA), Flipsies offers endless ways to play with unique features that capture a child's imagination.

Eight introductory themes offer a positive aspirational message by encouraging girls to let their dreams shine and be anything they want to be, whether it's a doctor, marine biologist, teacher, baker, rock star, veterinarian, fashion designer or even a princess. Transformation features combined with interactions between the characters and playsets using MagicPoint and MagicChat™ locations enhance the play value and allow girls to imagine living out their dreams. Every Flipsies doll and playset offers both real world and dream world modes, with MagicPoint locations that elicit unique phrases from the Flipsies dolls to stimulate fun, imaginative role play while encouraging girls to reach for the stars.

Extending the play value for kids with free activities, a Flipsies microsite is available at www.Flipsies.com. This digital experience immerses girls in the world of the Flipsies, offering exciting activities, games, quizzes, videos and more. In addition, the microsite serves as a resource for parents, with tools and advice on how to support and empower their children, build their confidence and help them achieve their dreams.

Flipsies are available now at www.vtechkids.com/flipsies and at major retailers nationwide. The collection launches with 10 playsets ranging from \$14.99 - \$39.99 and eight dolls at \$9.99 each, for endless fun at an affordable price.

"Flipsies marks VTech's first foray into the girl toy aisle, and we are thrilled by the excitement around the line," said William To, President, VTech Electronics North America. "Flipsies brings a new wave of innovation to the industry by inspiring young girls to reach for their dreams through interactive, engaging play experiences that encourage social skills, teach communication and invoke the imagination."

In addition to Sandy's House & Ocean Cruiser, a beautiful 2-in-1 interactive house that magically transforms into a luxury ocean cruiser, the introductory product collection features 18 offerings. The line introduces children to a group of giggly and glamorous girls – the Flipsies – from the sunny town of Charmingdale™. Each Flipsies doll wears a charm with special powers to flip their dreams into reality, and includes two outfits and wigs, plus other accessories. The new range features eight Flipsies friends, including:
