**VTECH® GOES WILD WITH EXPANSION OF AWARD-WINNING  
GO! GO! SMART WHEELS® LINE**

*Go! Go! Smart Animals™ Combine Traditional Play with Modern Technology*

**(NEW YORK) – February 18, 2014** – VTech® ([www.vtechkids.com](http://www.vtechkids.com)), a world leader in age-appropriate and developmental stage-based electronic learning products for children, is expanding its best-selling and acclaimed Go! Go! Smart Wheels® product range with an assortment of 14 new playsets and vehicles, plus a storage case. The product line is also “going wild” with an entirely new extension - Go! Go! Smart Animals™. Both product lines are on display at the 2014 American International Toy Fair.

“The response to Go! Go! Smart Wheels exceeded our expectations, and we’re thrilled to expand the brand,” said William To, President of VTech Electronics North America. “The new range of products allows VTech to reach an even broader audience and furthers our commitment to developing innovative products that make cause-and-effect learning fun for kids. As always, everything we do ladders back to our legacy in learning.”

The successful launch of Go! Go! Smart Wheels led to five industry awards in 2013 and paved the way to expand the sought-after line. Go! Go! Smart Wheels – and now Go! Go! Smart Animals – capture the best of both worlds: traditional role-play infused with modern technology, for an engaging, multi-sensory learning experience. Each playset features SmartPoint™ locations that can be recognized by every SmartPoint vehicle and animal in the lines. As a vehicle or animal is rolled over a playset’s various SmartPoints, it will flash and play greetings, fun sounds, short tunes and sing-along songs.

New introductions to the Go! Go! Smart Wheels and Go! Go! Smart Animals lines include:

-more-

**Go! Go! Smart Animals™ Zoo Explorers Playset™:** Playtime goes wild with learning at the Go! Go! Smart Animals Zoo Explorers Playset! Go on a tour of the zoo with the SmartPoint rhino as he responds to the zoo's seven SmartPoint locations with different phrases, music and fun sounds. Children can strengthen their motor skills with eight manipulative features including a turning gate, spinning water tank and sliding elevator. The colorful tracks can be reconfigured or connected to other Go! Go! Smart Animals or Go! Go! Smart Wheels playsets (each sold separately) to encourage children's creativity. The zoo also features an electronic entrance that teaches animal names, animal traits, letters, colors and plays music. Ages 1-5 years, MSRP: \$39.99.

**Go! Go! Smart Animals™ Forest Adventure Playset™:** Go on an adventure with the Go! Go! Smart Animals Forest Adventure Playset. Children can explore the forest with the included SmartPoint bear as he plays with animal friends and responds to SmartPoint locations with different phrases, music or fun sound effects. The forest includes two SmartPoint locations and four manipulative features including a turning disc, gate, sliding squirrel and twisting butterfly. The colorful playset can be connected to other Go! Go! Smart Animals or Go! Go! Smart Wheels playsets (each sold separately) to encourage children's creativity. Ages 1-5 years, MSRP: \$14.99.

**Go! Go! Smart Animals™ Tree House Hideaway Playset™:** High up in the trees, explore the Go! Go! Smart Animals Tree House Hideaway Playset.
