V. SMILE Baby™
INFANT DEVELOPMENT SYSTEM

A Day on the Farm

User's Manual

Dear Parent,

At **VTech**[®], we know that there is nothing more special than watching your baby discover something new for the first time. These moments become even more rewarding when you see your baby share and smile in the excitement of these important discoveries. That is why **VTech**[®] created the **V.Smile Baby**[™] **Infant Development System**, a unique grow-with-me development system designed especially for the youngest learners aged 9 to 36 months. The learning grows as your baby grows!

The **V.Smile Baby**[™] **Infant Development System** combines a baby-friendly wireless activity panel, age-appropriate curriculum, entertaining images, and fun early learning activities into a unique experience for babies and parents to share together. The **V.Smile Baby**[™] **Infant Development System** engages even the littlest learner with three grow-with-me play modes: Play Time, Watch & Learn, and Learn & Explore. Babies go from playing with the activity panel, to watching educational videos complete with baby sign language, to directing their own play on the TV screen by choosing subjects they want to learn.

As part of the **V.Smile Baby**[™] **Infant Development System**, **VTech**[®] offers a library of Baby Smartridges based on popular children's environments that engage and invite your baby to play and discover. Each Baby Smartridge features a variety of learning activities, baby sign language, 'grow-with-me' play, and lovable characters to guide your baby on a learning journey.

"**V.Smile Baby**[™] extends the classic activity center into an interactive, enriching educational experience for infants and toddlers especially when played with a loving adult," says Dr. Lise Eliot, neuroscientist and author of What's Going on in There? How the Brain and Mind Develop in the First Five Years of Life.

"The traditional activity center, which includes different shapes, colors and sounds, will captivate your baby, while the interchangeable Baby Smartridges will reduce boredom and introduce your child to a variety of important early-learning concepts and vocabulary."

At **VTech**[®], we are proud to provide parents with a sensory-rich learning tool for their little ones. Tapping into a baby's natural curiosity, creativity and passion for learning, **VTech**[®] makes every encounter an opportunity for discovery. We thank you for trusting **VTech**[®] with the important job of helping your child grow.

Sincerely,

Your Friends at **VTech**[®]

Introduction

Join Farmer Fred and his animals for a fun-filled day on the farm! He'll teach your baby about mommy and baby animals, fruits and vegetables, colors, and he'll even play a dress up game! The Day on the Farm Baby Smartridge™ also introduces your baby to animals with baby sign language!

Getting Started

Step 1: To Begin Play

To begin play, slide the ON/OFF Switch on the activity panel to the ON (🌟) position. Next, slide the TV Play/Play Alone Switch on the activity panel to the TV Play (📺) mode.

Step 2: Choose Your Play Mode

Slide the mode selector switch on the activity panel to the Play Time Mode, Watch & Learn Mode or the Learn & Explore Mode. When you have selected a play mode, press any button to continue.

Step 3: Select An Activity

Press a shape button to choose one of the five activities. In the Watch & Learn Mode, the Baby Sign Language activity will be added. Press the large purple button to select the Baby Sign Language activity.

Features

3 Modes of Play

Play Time

Play Time Mode (Suggested ages 9 months and up)

The Play Time Mode was designed specifically with curious babies in mind. This mode of play allows babies to explore each of the activities with the press of a button. Babies will be rewarded with fun animations, sounds and basic learning curriculum.

Watch & Learn

Watch & Learn Mode (Suggested ages 18 months and up)

The Watch & Learn Mode functions as a learning video. With over thirty minutes of stimulating images and playful animations, toddlers will be introduced to a variety of learning curriculum including baby sign language, colors, shapes, numbers, vocabulary and much more.

Learn & Explore

Learn & Explore Mode (Suggested ages 24 months and up)

The Learn & Explore Mode is geared for the toddler who has the knowledge from the previous two modes and is ready to direct his/her own learning. Simple directions and questions allow toddlers to apply the new information they have acquired.

EXIT Button

When you press the EXIT button within an activity, it will return you to the activity selection screen. When you press the EXIT button within the activity selection screen, it will return you to the mode selection screen.

ACTIVITIES

Educational Curriculum

| Activity | Curriculum |
|---------------------------|---------------------------------|
| How Does the Garden Grow? | Fruits & Vegetables, Colors |
| Mommy and Baby Animals | Animals, Animal Characteristics |
| Farmer Fred Gets Dressed | Clothing, Logic Skills |
| Barnyard Sing Along | Sing-Along Songs, Music |
| Count the Animals | Numbers, Counting |
| Baby Sign Language | Farm Animals |

How Does the Garden Grow?

Farmer Fred is planting and harvesting his garden. What types of fruits and vegetables can you find?

Game Play

Play Time

Play Time Mode: Press the color buttons to learn fruits and vegetables.

Watch & Learn

Watch & Learn Mode: Farmer Fred will teach you more about his fruits and vegetables and their related colors.

Learn & Explore

Learn & Explore Mode: Help Farmer Fred harvest his crops by picking the fruits and vegetables for him by pressing your color buttons.

At the end of each activity, you will be rewarded with a fun song!

Barnyard Sing Along

Farmer Fred is busy rounding up the animals for a barnyard jamboree! Join him and sing along!

Game Play

Play Time

Play Time Mode: Press the color buttons to see the animals join Farmer Fred's sing along.

Watch & Learn

Watch & Learn Mode: Watch Farmer Fred and his animal friends sing some songs.

Learn & Explore

Learn & Explore Mode: Farmer Fred will sing five different songs. Choose your favorite song by pressing your color buttons.

At the end of each activity, you will be rewarded with a fun song!

Mommy and Baby Animals

Farmer Fred has gathered his farm animals. Let's learn who are the mommies and who are the babies!

Game Play

Play Time

Play Time Mode: Press the color buttons to learn animals.

Watch & Learn

Watch & Learn Mode: Farmer Fred will introduce you to his mommy and baby animals and their characteristics.

Learn & Explore Mode: The animals are playing peek-a-boo! Can you help match the mommy and baby animals by pressing your color buttons?

At the end of each activity, you will be rewarded with a fun song!

Count the Animals

Farmer Fred loves to count. Join him as he counts the animals on his farm.

Game Play

Play Time Mode: Press the color buttons to count the animals from one to five.

Watch & Learn Mode: Watch Farmer Fred as he counts his animal friends.

Watch & Learn

Learn & Explore Mode: Help Farmer Fred feed his animals by pressing the color buttons.

Learn & Explore

At the end of each activity, you will be rewarded with a fun song!

Farmer Fred Gets Dressed

Farmer Fred needs to get dressed. Look into his closet to see what clothing he should wear.

Game Play

Play Time

Play Time Mode: Press the color buttons to get Farmer Fred dressed.

Watch & Learn

Watch & Learn Mode: Farmer Fred will introduce you to all the different types of clothes he wears for work and play.

Learn & Explore

Learn & Explore Mode: Farmer Fred needs your help in getting him dressed. Press your color buttons to pick his clothes.

At the end of each activity, you will be rewarded with a fun song!

Baby Sign Language - Farm Animals

Game Play

Watch & Learn

This activity only appears in the Watch & Learn mode. Teach baby to start talking with their hands. Research has proven that babies who sign speak earlier, experience less frustration, and benefit intellectually. Watch as Farmer Fred introduces farm animal signs including chicken, cow, dog, horse, and pig.

CARE & MAINTENANCE

1. Keep your **V.Smile Baby™** clean by wiping it with a slightly damp cloth. Never use solvents or abrasives.
2. Keep the unit out of direct sunlight and away from direct sources of heat.
3. Remove the batteries when not using it for an extended period of time.
4. Avoid dropping it. **NEVER** try to dismantle it.
5. Always keep the **V.Smile Baby™** away from water.

WARNING

A very small percentage of the public, due to an existing condition, may experience epileptic seizures or momentary loss of consciousness when viewing certain types of flashing colors or patterns, especially on television. While the **V.Smile Baby™ Infant Development System** does not contribute to any additional risks, we do recommend that parents supervise their children while they play games in front of a television. If your child experiences dizziness, altered vision, disorientation, or convulsions, discontinue use immediately and consult your physician.

Please note that focusing on a television screen at close range for a prolonged period of time may cause fatigue or discomfort. We recommend that children take a 15-minute break for every hour of play.

TROUBLESHOOTING

Please note that if you try to insert or remove a **Baby Smartridge™** without first turning the unit OFF, you may experience a malfunction. If this happens, and the console does not respond to pressing the ON/OFF button, remove the batteries from the console unit. Then, reinstall the batteries.

TECHNICAL SUPPORT

If you have a problem that cannot be solved by using this manual, we encourage you to visit us online or contact our Consumer Services Department with any problems and/or suggestions that you might have. A support representative will be happy to assist you.

Before requesting support, please be ready to provide or include the information below:

- The name of your product or model number. (The model number is typically located on the back or bottom of your product.)

- The actual problem you are experiencing.
- The actions you took right before the problem occurred.

FCC Notice:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
