

# Introduction

## VOYAGER ADVENTURE PACK – DEEP SEA DISCOVERIES™

Thank you for purchasing the VTech® Voyager Adventure Pack – Deep Sea Discoveries™. Adventure Packs are expandable accessories that introduce new stories, characters and educational content for the Voyager Adventure Station™. Each adventure pack features engaging, interactive, colorful content that puts kids in control of learning.

In **Deep Sea Discoveries**, children will be immersed in an underwater universe teeming with animal life. As they play over 20 fun-filled spelling, vocabulary, math and science games, kids can help the Adventure Kids save animals and clean up the environment, search for the mysterious Treasure Island or participate in a winner-take-all scavenger hunt across the ocean floor.

# Getting Started

## 1. ATTACH ADVENTURE PACK

- Make sure the unit is turned OFF.
- If there is already an Adventure Pack attached, you may remove it by pressing up on the Adventure Pack lock.
- Slide the Adventure Pack into the main unit as shown below.
- Press firmly until the Adventure Pack is locked into place by the lock at the top of the unit.

## 2. SUPPLY POWER

- Insert 4 C (UM-2/LR14) batteries.
- Power can also be supplied through a 9V  $\text{---}$  300mA AC center-positive  $\text{+} \rightarrow \text{--}$  power adaptor (sold separately).

## 3. PRESS THE ON BUTTON

## 4. TYPE YOUR NAME

- At the voice prompt, "What's your name?" please type your name using the keyboard.
- Use the Erase key if you make a mistake and want to correct it.
- Press Enter when you are finished typing your name.
- The Adventure Pack should scroll to the title screen to set up the new adventure. It will keep your name in its memory until the Voyager Adventure Station is turned off.

## How To Play

There are many ways to play and explore with the Voyager Adventure Pack.

- Use the pen to touch the interactive picture and get fun facts, voice and sound effects.
- Use the Arrow buttons to explore new interactive pictures.
- Press the Story Key to hear the story of **Deep Sea Discoveries**.
- Use the pen to touch the icon on the top of the screen to start activities or launch the adventure.

## Icon Bar

### LEFT/RIGHT ARROW ICONS

Use the pen to touch the left and right arrow icons to scroll the picture left or right. A light tap will move the picture one segment and holding the pen on the icon will continue to move the picture until you release it.

### ACTIVITY ICON

Touch the soccer ball icon to see the list of activities in that scene. If two scenes are showing at once, the Voyager Adventure Station will scroll to one or the other and then display activity list. Use the directional arrow keys on the keyboard to highlight an activity and press the Enter key to select it.

### ADVENTURE ICON

Use the pen to touch this icon and launch the Treasure Hunt adventure. In each scene you will be asked to find the treasure hidden in the picture. When you touch the treasure, you will be given a clue about the treasure hidden on treasure island. Listen carefully! When you get to Treasure Island you will have to open up the correct treasure chest to win the game!

## HOME ICON

Touch this icon to start the story again, or to explore the first scene.

## EXIT

Touch this icon to exit the current activity or adventure.

## Exploration

Use the pen to touch on the picture and hear fun voice, sfx and facts about the picture.

You can use the arrow buttons to explore new pictures to the left or right. When you have reached the farthest boundaries of the Adventure Pack it will let you know with a sound effect.

## Adventure

To launch the adventure, touch the treasure icon with the pen. In each scene you will be asked to find the treasure that is hidden in the picture. After you touch the treasure with the pen, you will be given one clue question, and if you answer it correctly, you will get a clue to the treasure chest and advance to the next scene. After collecting all the clues, you will arrive at the treasure island scene. Try to remember your clues (or press help if you can't remember them all) and touch the pen to the correct treasure chest to finish the adventure!

## Activities

Press the Soccer Ball icon to see the available activities on the LCD screen. Highlight the activity you want to play by using the directional keys and press the Enter key to start. There are several activities in each scene. Explore and see if you can find them all!

## Mussel Math

In this activity you will add and subtract groups of mussels. When the equation appears on the screen, you can answer by touching the group of mussels in the picture that adds up to the correct number, or by using the numbers on the keyboard. Press Enter when you are through.

## Rhyming Riddle

You will be asked to find an object in the scene that rhymes with a certain word. Look carefully in the scene and using the arrow buttons. Use the pen to touch the picture when you know the answer.

## Scavenger Hunt

After you have explored and learned about the ocean creatures, you can test your knowledge with the Scavenger Hunt. You will be asked to find a specific object or creature. Use the pen to touch the picture when you know the correct answer.

## Speed Count

In this activity you will be asked to count certain objects. Use the arrow keys to explore and touch the picture with the pen when you find the objects. Try to finish within the time limit!

## Ocean Clean Up

In this game you have a short amount of time to find all the garbage in the scene and clean it up. Use the arrows to look around and touch the picture to pick up the trash.

## Say It, Spell It

You will be asked to spell a word that is found in the scene. Use the keyboard to type the word and press Enter when you are through.

## Animal Math

In this activity you will be asked to add and subtract different animals in the scene. Look at the equation on the screen and use the number keys to correctly fill in the blanks. Press Enter when you are through.

## Where?

This game is for the advanced player! After exploring all the parts of the ocean and beach, you can try your skill at the activity "Where?". You will be asked to remember where you saw a specific sea creature. Three areas of the ocean will appear on screen as multiple choices. Type A, B, or C to answer the question correctly.

## The Most

In this activity you will be asked to find which group of treasure chests has the most of a certain feature. When you are given the two choices, look at the treasure chests carefully and type your answer from the multiple choices, A or B.

## Guess Me

This game is like a hangman game with a twist! Use the keyboard to guess which letters fill in the blank on the LCD screen. When you think you know what the answer is, use the pen to touch the object in the picture that you think is spelled on the screen.

## Hidden Numbers

There are numbers hidden in some scenes. When you start playing Hidden Numbers you will hear a number that you have to find in the picture. When you see it, use the pen to touch the number. Can you find them all?

## Memory

You will be given a series of objects to find in the picture. Use the pen to touch them in the correct order. As you get them right, more and more objects will be added to the pattern.

## Reading Catch

This game tests your ability to read words and match them with the correct object. Look for the word spelled on the LCD screen. Use your pen to touch on the matching object in the picture. Look carefully! You might have to use the arrow buttons to explore the scene and find the correct object.

## Word Scramble

In this activity, you can choose which questions you will be challenged with. Use the pen to touch an object in the picture and see it spelled out on the LCD screen. Remember how it is spelled, because it will quickly become scrambled. Use the keyboard to type the letters in the correct order and press Enter.

## Touch It, Spell It

Use the pen to touch an object in the picture. You will have a short time to see how it is spelled on the LCD screen, so watch carefully. When the word disappears, try to spell it, using the letters on the keyboard. Press Enter when you are through.

**Dear Parent:**

**At VTech<sup>®</sup>, we know how children love to take control of playtime, creating their own fun adventures and making their own discoveries. That's why we created the Voyager Adventure System<sup>™</sup> a system of interactive learning products that empower children while learning, and spark their curiosity for more.**

**The Voyager Adventure System<sup>™</sup> delivers a personalized learning experience where fun, interactive adventures come to life with incredible realism. Children just point and touch to explore ten feet of colorful, scrolling landscapes that are filled with cool sound effects and vivid imagery.**

**Each Voyager adventure uses revolutionary technology that actually tracks your child's progress and remembers where they have traveled on their learning journey then responds and adapts to keep the adventure new and exciting. With Voyager, children control the adventure and decide where they want to go - no two adventures will be the same!**

**Adventure Packs are expandable accessories that allow the Voyager Station to deliver new stories and educational activities to keep children constantly engaged. Each accessory has over 20 games that teach important skills such as reading, math and problem solving. With new Adventure Packs, the learning and fun won't end.**

**At VTech<sup>®</sup>, we are committed to creating fun learning toys that foster a child's intellectual and social development. We thank you for trusting VTech<sup>®</sup> with the important job of helping your child explore a new world of learning!**

**Sincerely,**

**Your Friends at VTech<sup>®</sup>**
