Dear Parent:

Ever notice the look on your baby’s face when they learn something new through their own discovery? These self-accomplished moments are a parent’s greatest reward. To help fulfill them, VTech® created the Smart Start® series of toys.

These unique interactive learning toys directly respond to what children do naturally - play! Using innovative technology, these toys react to baby’s interactions, making each play experience fun and unique as they learn age-appropriate concepts like first words, numbers, shapes, colors and music. More importantly, VTech®‘s Smart Start® toys develop baby’s mental and physical abilities by inspiring, engaging and teaching.

At VTech®, we know that a child has the ability to do great things. That’s why all of our electronic learning products are uniquely designed to develop a child’s mind and allow them to learn to the best of their ability. We thank you for trusting VTech® with the important job of helping your child learn and grow!

Sincerely,

Your Friends at VTech®

Thank you for purchasing the VTech® Twist, Rock & Roll™ learning toy! The VTech® Twist, Rock & Roll™ is an interactive crawling toy for infants 6 months and up. Twist it, rock it and roll it to activate the four modes of play. The smooth rolling action will encourage crawling as infants chase after the toy when it rolls away from them. The drum pads on either end encourage gross motor skill development as they tap a tune on their drum.
INCLUDED IN THIS PACKAGE

- One VTech® Twist, Rock & Roll™ learning toy
- One instruction manual

WARNING: All packing materials, such as tape, plastic sheets, wire ties and tags are not part of this toy, and should be discarded for your child’s safety.

GETTING STARTED

BATTERY INSTALLATION

1. Make sure the unit is turned OFF.
2. Locate the battery cover on the bottom of the unit. Use a screwdriver to loosen the screw.
3. Install 2 new “AA” (UM-3/LR6) batteries following the diagram inside the battery box. (The use of new alkaline batteries is recommended for maximum performance.)
4. Replace the battery cover and tighten the screw to secure the battery cover.

BATTERY NOTICE

- Install batteries correctly observing the polarity ( +, - ) signs to avoid leakage.
- Do not mix old and new batteries.
- Do not use batteries of different types.
- Remove exhausted or new batteries from the equipment when the unit will not be used for an extended period of time.
- Do not dispose of batteries in fire.
• Do not attempt to recharge ordinary batteries.
• The supply terminals are not to be short-circuited.
• Only batteries of the same and equivalent type as recommended are to be used.

WE DO NOT RECOMMEND THE USE OF RECHARGEABLE BATTERIES.

PRODUCT FEATURES

1. ON/OFF/VOLUME CONTROL SWITCH

To turn the unit ON, slide the ON/OFF/VOLUME CONTROL SWITCH to the LOW VOLUME (peaker) or the HIGH VOLUME (peaker) position. To turn the unit OFF, slide the ON/OFF/VOLUME CONTROL SWITCH to the OFF (peaker) position.

2. AUTOMATIC SHUT-OFF

To preserve battery life, the VTech® Twist, Rock & Roll™ learning toy will automatically power-down after several minutes without input. The unit can be turned on again by pressing any button.

3. FOUR MODES OF PLAY

The four modes of play include Rolling, Counting, Sounds and Music. Turning the ends of the cylinder selects the mode of play.
ACTIVITIES

1. Turn both ends of the cylinder out flat to activate the **ROLLING MODE**. Roll the unit on the floor or press the drum pads on either end for fun phrases, sounds and light play.

2. Turn up side A of the cylinder to activate the **SOUNDS MODE**. Press on the drum pads for fun sound effects and light play.

3. Turn up side B of the cylinder to activate the **COUNTING MODE**. Press on the drum pads for counting phrases, sounds and light play.

4. Turn both ends of the cylinder up to activate the **MUSIC MODE**. Press on the drum pads to activate melodies. Press on the drum pads while a melody is playing to hear drum sounds play overtop of the melody.

"Follow me!"

CARE & MAINTENANCE
1. Keep the unit clean by wiping it with a slightly damp cloth.
2. Keep the unit out of direct sunlight and away from any direct heat source.
3. Remove the batteries when the unit is not in use for an extended period of time.
4. Do not drop the unit on hard surfaces and do not expose the unit to moisture or water.

TROUBLESHOOTING
NOTE: If for some reason the program/activity stops working, please follow these steps:
1. Please turn the unit OFF.
2. Interrupt the power supply by removing the batteries.
3. Let the unit stand for a few minutes, then replace the batteries.
4. Turn the unit ON. The unit should now be ready to play again.

If the problem persists, please call our Consumer Services Department at 1-800-521-2010 in the U.S. or 1-800-267-7377 in Canada, and a service representative will be happy to help you.

For information on this product warranty, please call VTech® at 1-800-521-2010 in the U.S. or 1-800-267-7377 in Canada.
IMPORTANT NOTE:

Creating and developing Smart Start® products is accompanied by a responsibility that we at VTech® take very seriously. We make every effort to ensure the accuracy of the information, which forms the value of our products. However, errors sometimes can occur. It is important for you to know that we stand behind our products and encourage you to call our Consumer Services Department at 1-800-521-2010 in the U.S., or 1-800-267-7377 in Canada, with any problems and/or suggestions that you might have. A service representative will be happy to help you.

Note:

This equipment generates and uses radio frequency energy and if not installed and used properly, that is, in strict accordance with the manufacturer’s instructions, it may cause interference to radio and television reception. It has been type tested and found to comply within the limits for a Class B computing device in accordance with the specifications in Sub-part J of Part 15 FCC Rules, which are designed to provide reasonable protection against such interference in a residential installation. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause interference with radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

• Reorient the receiving antenna
• Relocate this product with respect to the receiver
• Move this product away from the receiver
