Dear Parent,

At VTech®, we know that every year, children are asking to play video games at younger and younger ages. At the same time, we understand the hesitation of most parents to expose their children to the inappropriate content of many popular video games. How can you feel confident in allowing your children to play these games, and still educate and entertain them in a healthy, age-appropriate manner?

Our solution to this on-going debate is the V.Smile™ TV Learning System—a unique video game system created especially for children aged 3 to 7. The V.Smile™ TV Learning System combines a kid-friendly design, age-appropriate curriculum, entertaining graphics, and fun game play into a unique experience that your child will love and you can support. The V.Smile™ TV Learning System engages your child with two modes of play: the Learning Adventure - an exciting exploratory journey in which learning concepts are seamlessly integrated, and the Learning Zone - a series of games designed to focus on specific school skills in a fun, engaging way. Both of these educational modes offer your child hours of learning fun.

As part of the V.Smile™ TV Learning System, VTech® offers a library of game Smartridges™ based on popular children’s characters that engage and encourage your child to play while learning. The library is organized into three levels of educational play – Early Learners (ages 3-5), Junior Thinkers (ages 4-6) and Master Minds (ages 5-7) – so that the educational content of the system grows with your child.

At VTech®, we are proud to provide you with a much-needed solution to the video game dilemma, as well as another innovative way for your child to learn while having fun. We thank you for trusting VTech® with the important job of helping your child explore a new world of learning!

Sincerely,

Your Friends at VTech®

INTRODUCTION

Join Winnie the Pooh and his friends on this fantastic adventure where preschoolers learn the alphabet, numbers, shapes, vocabulary and much more. Help Pooh solve puzzles and collect as many honey pots as possible on the way to the party! Don’t forget to look out for the secret areas where Pooh can meet his friends and find more honey pots!

GETTING STARTED

STEP 1: Choose Your Play Mode

Move the joystick up and down to choose the play mode you want. Press the ENTER button when you are finished.

1. Learning Adventure
   In this play mode, you can help Winnie the Pooh collect honey pots for his big party through five exciting adventures and three mini games.

   Play through the story line by entering Adventure Play or practice your skills on individual games by selecting them in the Quick Play menu.

   Adventure Play – In this mode, you can play through all the games in the adventure, and help Pooh complete his tasks.

   Quick Play – In this mode, you can play a quick game of your choice without having to play through the whole story.
• Adventure Play
When you turn the unit OFF, V.Smile™ remembers your place in the Learning Adventure game. To continue your adventure, simply turn the unit back ON and select "Continue Game" under the Adventure Play menu. Please note that you can only do this if "The Honey Hunt" has not been removed from the unit, and power has not been turned off.

• Quick Play
In the Quick Play menu, move the joystick left or right to select a game, and press ENTER to begin play.

2. Learning Zone
In this mode, you can play four exciting games that focus on a specific learning skill.

3. Options
In the Options screen, you turn the music ON or OFF, and choose between limited or unlimited chances to play the game. Move the joystick left or right to make your choice and press ENTER.
STEP 2: Choose Your Game Settings
If you are satisfied with the default settings, press the ENTER button. If not you can move the joystick to scroll between different settings, and press the ENTER button to choose. Move the joystick to the check icon and press ENTER when you are done.
The Quick Play and Learning Zone modes each have their own settings on the game selection page.

STEP 3: Start Your Game
For Learning Adventure, please go to the “Activities – Learning Adventure” section.
For Learning Zone, please go to the “Activities – Learning Zone” section.

FEATURES

Help Button
Press the HELP button to repeat the instructions.

Exit Button
Press the EXIT button to leave the game. A "Quit Game?" icon will pop up to make sure you want to quit. Move the joystick left to “✓” to leave the game or right to “✗” to cancel the exit screen and keep playing. Press ENTER to choose. The EXIT button also allows you to get back to the previous menu.

Learning Zone Button
The LEARNING ZONE button is a shortcut that takes you to the Learning Zone game selection screen. When you press the LEARNING ZONE button, the “Quit Game” confirmation screen pops up. If you want to quit and go to the Learning Zone menu, choose ✓. To continue playing, choose ✗.

Choose ✓ if to quit, or choose ✗ if to keep playing.

CARE & MAINTENANCE

1. Keep your V.Smile™ clean by wiping it with a slightly damp cloth. Never use solvents or abrasives.
2. Keep it out of direct sunlight and away from direct sources of heat.
3. Remove the batteries when not using it for an extended period of time.
4. Avoid dropping it. NEVER try to dismantle it.
5. Always keep the V.Smile™ away from water.

WARNING
A very small percentage of the public, due to an existing condition, may experience epileptic seizures or momentary loss of consciousness when viewing certain types of flashing colours or patterns, especially on television. While the V.Smile™ TV Learning System does not contribute to any additional risks, we do recommend that parents supervise their children while they play video games. If your child experiences dizziness, altered vision, disorientation, or convulsions, discontinue use immediately and consult your physician.

Please note that focusing on a television screen at close range and handling a joystick for a prolonged period a time may cause fatigue or discomfort. We recommend that children take a 15 minute break for every hour of play.

TROUBLESHOOTING
Please note that if you try to insert or remove a Smartridge™ without first turning the unit OFF, you may experience a malfunction. If this happens, and the unit does not respond to pressing the ON / OFF / RESTART buttons, disconnect the AC adaptor from the main unit or remove the batteries. Then, reconnect the adaptor, or reinstall the batteries. If the unit still does not respond, press the RESET button at the bottom of the unit, using a pen.

TECHNICAL SUPPORT
If you have a problem that cannot be solved by using this manual, we encourage you to visit us online or contact our Consumer Services Department with any problems and/or suggestions that you might have. A support representative will be happy to assist you.
Before requesting support, please be ready to provide or include the information below:
