INTRODUCTION

Thank you for purchasing My First Kidi™ Smartwatch!

This digital doggie can help kids keep track of all their daily routines. Create repeating reminders for potty training, nap time, meals and more with this smart, interactive watch. Give the pup a name, then feed, walk and groom them using the touch screen. Time-telling tools are also included to help kids learn to tell time.
INCLUDED IN THE PACKAGE

• My First Kidi™ Smartwatch
• Micro-USB cable
• Quick Start Guide

WARNING

All packing materials such as tape, plastic sheets, packaging locks, removable tags, cable ties, cords and packaging screws are not part of this toy, and should be discarded for your child’s safety. The label covering the LCD screen of the product is packing material, please remove this label before use.

NOTE

Please save this Instruction Manual as it contains important information.

ATTENTION

Pour la sécurité de votre enfant, débarrassez-vous de tous les produits d’emballage tels que rubans adhésifs, feuilles de plastique, attaches, étiquettes, cordons et vis d’emballage. Ils ne font pas partie du jouet.

NOTE

Il est conseillé de sauvegarder ce manuel d'utilisation car il comporte des informations importantes.

This toy is only to be connected to equipment bearing either of the following symbols: ☑ or ☑

WARNING

Adult needed to remove small packaging screw.

Unlock the Packaging Locks

1. Rotate the packaging lock counterclockwise several times.
2. Pull out the packaging lock and discard.

WARNING

People with very sensitive skin may notice some irritation after wearing the My First Kidi™ Smartwatch for extended periods of time. The skin may become irritated when moisture, sweat, soap, or other irritants get trapped under the wristband and are left in contact with the skin. To prevent this, we suggest children remove the watch before going to bed for the night, take the watch off if it’s feeling uncomfortable, and keep their wrist and the band clean and dry.

In addition, wearing the watch too tightly may also cause irritation. Make sure the fit is good - tight enough so the watch stays in place but not so tight that it’s uncomfortable. If you notice any redness, swelling, or other irritation, you may want to consult a doctor before wearing the watch again.

GETTING STARTED

Master Power Switch

When you use My First Kidi™ Smartwatch for the first time, you will need to slide the Master Power Switch (located on the underside of the watch) to the On position (-). You may need a small tool such as a paper clip to move the switch to the On position. Fully charge the watch before first use.

When the Master Power Switch is set to the Off position (o), the unit will not function and the battery
will not charge. Only move the switch to the Off position when the watch will not be used for an extended period of time.

Note: It is not necessary to turn the watch off in daily use. Once the **Master Power Switch** is Off, the watch will stop functioning. After it is turned On again, the time and date will have to be reset.

**BATTERY RECHARGING**

**Note**: Adult operation required.

The watch should be fully charged before first use. To charge the **My First Kidi™ Smartwatch**, connect the watch to a computer using the included **Micro-USB Cable**. To do so correctly, please follow these steps:

- Make sure that the **Master Power Switch** is set to the On position before charging.
- Pull up the rubber cover of the **Micro-USB Port** on the side of the watch.
- Insert the **Micro-USB Cable** (small end) into the **Micro-USB Port** on the watch.
- Insert the large end of the **Micro-USB Cable** into a USB port on your computer.
- Once the connection is successful, you will see a battery charging symbol \(\text{\texttt{\textbf{\large{\textbullet\textbullet\textbullet}}}}\) appear on the watch screen.
- Check the charging progress regularly throughout recharging.
- When the battery is fully charged, the fully charged battery icon will appear. Then the screen will automatically turn off. You may then disconnect your fully charged watch from the computer.

**Note**: It will take approximately 3.5 hours to fully charge the battery. The actual charging time depends on the charging current, the remaining charge in the battery prior to recharging, and the ambient temperature. The optimum ambient temperature is 32°F - 104°F (0°C to 40°C)
CHARGING GUIDELINES

To charge the My First Kidi™ Smartwatch, use only the included Micro-USB Cable to connect to a computer or other equipment with a USB port (Output DC 5V 1A) and bearing the following Class II ☐ or III ☐ symbol. Do not charge using a third party adapter. Before use, inspect the cable to confirm that it is in good condition and that there are no breaks or exposed wires. Ensure there are no particles or liquid (water, juice, etc.) in either of the connectors before plugging in either end of the cable. The device should be completely dry with no debris in the cable connectors when charging. Plug in the cable securely, in the correct orientation. Never leave the device unattended while charging. Do not charge your device on soft surfaces, as they can trap heat around the device. Typical charging time is approximately 3.5 hours if the battery is fully depleted. Disconnect the device when it is fully charged. Do not leave the device charging for more than four hours.

Examine the charging cord periodically for conditions that may result in the risk of fire, electric shock, or injury to persons such as damage to the cord, housing, or other parts. In the event of such conditions, the cord should not be used until properly repaired or replaced.

BATTERY LIFE

The time the battery lasts between charges depends on play. Like other electronic devices, more frequent usage will drain the battery more quickly. The remaining battery capacity will appear in the top right corner of the screen. When the battery level is low, recharge the battery before further use. When the battery level is too low, the watch will not turn on until it is recharged.

If you find the time between charges is considerably shortened with no change in usage, the battery could be nearing the end of its life. The battery life varies from battery to battery depending on storage, operating conditions and environment.

BATTERY TIME FOR REFERENCE

<table>
<thead>
<tr>
<th>Condition</th>
<th>Battery Time</th>
</tr>
</thead>
<tbody>
<tr>
<td>Low Usage</td>
<td>2 weeks</td>
</tr>
<tr>
<td>Typical Usage</td>
<td>2 days</td>
</tr>
<tr>
<td>Heavy Usage</td>
<td>1 day</td>
</tr>
</tbody>
</table>

Note: The above battery time assumptions are based on the screen display set to turn off when not in use. Please see the Settings section for more details about this option.
BATTERY MAINTENANCE

Charge the battery regularly to keep it operating at optimum performance, even when the watch isn’t in regular use. For example, charge the watch at least once every six months. Slide the Master Power Switch to the Off position if the watch will not be in use for an extended period of time.

BATTERIES CANNOT BE REPLACED

The batteries within this toy are permanently encased. Before giving this toy to a child make sure there are no signs of damage. Regularly check the toy and dispose of it immediately if there are any signs of damage. Do not dispose of the toy in a fire, as the batteries may leak and explode. Keep batteries safely out of children’s reach before disposing of them via a safe disposal system.

The battery in this product must not be disposed of with household waste. This battery is recyclable. Please follow your local recycling regulations.

SPASH-PROOF FOR EVERYDAY PLAY

- Do not put under running water.
- Do not submerge in water. Not suitable for showering, bathing or swimming.
- Keep the rubber cover over the Micro-USB Port closed tightly while it is not in use in order to prevent water damage.
**QUICK GUIDE ABOUT ALARM AND ALERT SOUNDS**

My First Kidi™ Smartwatch can help to remind kids of good habits. The following table indicates the different alarms and reminders available on the watch.

<table>
<thead>
<tr>
<th>Alarm</th>
<th>To turn the alarm On or Off, go to the Home Menu and swipe left or right to find the Alarm icon. Tap the Alarm Clock icon to set the alarm. Tap the Bell icon to turn the alarm On or Off. Tap the displayed time to set it.</th>

TO BEGIN USING MY FIRST KIDI™ SMARTWATCH

Make sure the Master Power Switch is set to the On position and that the battery is fully charged before using the watch.

Select a Language
The first time you turn On your watch, press either the Home Button or the Clock Button.

The language selection screen will appear. Simply tap your preferred language, then tap the Check Mark icon.

Set Date and Time
Next, the date and time screens will display.

Swipe up or down over the month, day, year, hours and minutes to set the current date and time. Tap the Check Mark icon when you're done.

Name Your Pet
Tap on the Arrow icons to select the pet name and name tag icon you would like to use. Tap the Check Mark icon when you're done.

To Begin Play
Press the Clock Button to display the clock screen.
Press the Home Button to go to the Home Menu to access different activities and settings.

AUTOMATIC SCREEN OFF
To preserve battery life, the screen will automatically shut off after a short period of time when in Clock Mode.

Note: The auto screen off time can be adjusted. Please refer to the Settings section in this guide. From other activities, the watch screen will return to Clock Mode automatically if there is no input for a period of time. The auto time out depends on different types of activities.
ACTIVITIES

Clock Mode
When the screen is off, press any buttons to show the clock screen.
- Swipe left or right to see more clock faces.
- Double tap the screen to listen to the current time.
- Swipe in from the top or bottom of the screen to display the Speak Time icon 🕒, Volume icon 🔊 and Light icon 🌟. Tap the Speak Time icon to hear the current time. Tap the Volume icon to toggle between volume on or mute. Tap the Light icon to turn the light ring on/off and change the light color.

Note: Hold the Clock Button for approximately 2-3 seconds to turn off.

Home Menu
Press the Home Button to display the Home Menu and choose an activity. Swipe left or right to scroll through the menu pages and tap an icon to enter the activity.

Note: If games are turned off in Settings, the icons for Games and 2-Watch Connection will be locked in the Home Menu.

1. Pet Mode
2. Feeding Time
3. Wash Time
4. Take a Walk
5. Training
6. Silly Talk
7. Games
8. 2-Watch Connection
9. Time Master
10. Feelings & Emotions
11. Balloon Breathing
12. Music Player
13. Alarm
14. Timer
15. Reminders
16. Settings
1. 🐶 Pet Mode
   Explore your pet's different expressions and reactions by tapping on the screen or by swiping from the top or bottom or left or right or any directions of the screen.

2. 🍗 Feeding Time
   Swipe left or right or tap on the arrows to select a food to feed your pet.

3. 🧼 Wash Time
   - Brush Teeth
     To brush your pet's teeth, move the tooth brush over their teeth by swiping back and forth over the screen.
   - Take a Bath
     To give your pet a bath, move the sponge and shower head over your pet by swiping back and forth over the screen.
   - Potty Time
     Tap on the Potty Time icon to take your pet outside to go potty.

4. 🐶 Take a Walk
   There are two activities to do when walk a dog, Jump Rope and Butterflies Valley.
   - Jump Rope
     Play jump rope with your pet by tapping the screen to make them jump over the rope.
   - Butterflies Valley
     Take pictures of butterflies on your walk by tapping on a butterfly as it flies by.
5. 🐶 Training
   Swipe the screen as directed and watch your pet perform the trick! Tap the Light Bulb icon in the top left corner if you need help teaching the tricks.

6. 🎨 Silly Talk
   Say silly things to your pet and they will listen and repeat it!
   For best performance, try to speak closer to the microphone. The microphone is located on the right side of the watch.

7. 🎮 Games
   There are three games on the My First Kidi™ Smartwatch.
   • Doggie Jump
   • Sneaky Toy
   • Odd One Out

   A. Doggie Jump
   Help your pet cross the river by jumping on the stones. Tap the Step buttons to tell your pet to jump one or two stones. Try to collect as many bones as possible along the way.

   B. Sneaky Toy
   Tap the Start button to hide a toy under a basket. Watch as the baskets shuffle around. Tap on the basket you think is hiding the toy.

   C. Odd One Out
   Find the image that looks different from the others. Tap on it to see if you're right!

8. 📱 2-Watch Connection
   You can connect your My First Kidi™ Smartwatch with your friend’s My First Kidi™ Smartwatch to play games and send Emoticon. Tap the top connection icon to play, tap the bottom icon to change the name tag.
   Only two watches can connect at a time. This function is only supported with other My First Kidi™ Smartwatch devices (additional watch sold separately).
Note: The best connection range is within 16 feet.
To connect two My First Kidi™ Smartwatch devices, tap on the Connection icon in the Menu. Select the same room on both watches. A "Connected!" message will appear on screen when the devices have successfully paired.

To disconnect, scroll over and tap on the "Disconnect" option in the menu.

After connecting with other My First Kidi™ Smartwatch, there are three connection activities for select.

- Magic Show
- Balloon Ride
- Send Emotion

Note: To play the connection games, you and your friend must open the same game.

A. Magic Show
Watch funny animations and send magic tricks to your friend's pet.

B. Balloon Ride
Have a balloon race with your friend and their pet. Blow into the microphone to blow up the balloon and see how far it goes!

C. Send Emoticon
In this app, user can send any emoticons in the selection page or view the most recently sent and received Emoticons in the chat history page.

To send an Emoticon, tap to switch to the selection page, choose any of the small icons and the then tap the Check Mark icon to send.

Note: It can save the latest 25 emoticons in the chat history page. The chat history will be deleted after exiting the activity.

9. Time Master
- Tap on the clock or the pet to hear the time spoken.
- Tap the Hour or Minute icon to toggle between adjusting the hour or minute.
- Tap the Plus or Minus icon to adjust the time by one hour or minute.
10. 🎨 Feelings & Emotions
Show your emotions by tapping on an icon. Your pet will respond by playing games and other activities depending on how you’re feeling.

11. 🎈 Balloon Breathing
Use deep breathing exercises with your pet to blow air into the balloon and up into the sky.

12. 🎶 Music Player
Listen to relaxing music or nursery rhymes and watch as the Ring Light changes to the music style.

• Tap the Volume icon to set the volume.
• Tap the Play icon to listen to music. When music begins playing, the button will switch to a Pause button.
• Tap the Music Style button to change the music.

Note: When adjusting the volume in Music Player, the volume for all activities on the watch will also change.

13. 🕒 Alarm
Set an alarm by choosing from a selection of alarm tones.

• Tap the Time or Alarm icons to change the alarm time.
• Tap the Bell icon to toggle the alarm On or Off.

To set the alarm time:

• Select the hour and minute by swiping up or down on the hours, minutes and AM/PM.
• Tap the Tone icon to display the Alarm Tone Selection menu. Swipe left or right to preview the different tones. Tap the Check Mark icon to confirm your selection.

14. ⏳ Timer
Use this app to set a countdown timer.

• Tap the Play icon to start the timer immediately.
• Swipe left or right or tap the arrows to change the timer style.
• Tap the picture or the displayed time to enter Timer Settings. Swipe up or down on the minutes and seconds to change the time. Once set, tap the green Check Mark to confirm.

• While the timer is running, tap the Pause icon to pause the countdown and tap it again to resume. Tap the Timer Reset icon to stop the countdown and reset the timer.

15. 📅 Reminders

With Daily and Good Habit Reminders, you can set your watch to help remind you of important activities.

**Daily Reminder**

• Tap the Add Reminder icon on top of the screen and then tap the Daily Reminder icon to create a new Daily Reminder.

• Select an event icon you would like to set. Then swipe up or down on the hour and minute to set the event time.

• Tap the Check Mark icon when you are done.

**Good Habits Reminder**

• Tap the Add Reminder icon on top of the screen and then tap the Good Habit Reminder icon to create a new Good Habit Reminder. The Good Habit Reminder will ring at an interval during the set period.

• Select an event icon you would like to set. Then tap the Arrow Buttons to set the reminder for every 30, 60 or 90 minutes or to turn it off.

• To select a start and end time for your reminders, tap on the AM and PM times. Swipe up or down to select the hour and minute. Then press the Check Mark icon to confirm.

• When you done, tap the Check Mark icon to confirm the reminder.

**Edit the Existed Reminders**

• The created reminders are listed by time from morning to evening.

• Tap a Reminder Bell icon to select remind once, every day, or to turn it off if it is a Daily Reminder.

• Tap a Reminder Bell icon to select remind every 30, 60 or 90 minutes or to turn it off if it is a Good Habit Reminder.

• Tap a Reminder icon to edit it or delete it from your list.
16. 🗓️ Settings

Swipe left or right to scroll through the options:

**Volume 🎧**
Tap the Plus or Minus icon to set the system volume.

**Brightness ☀️**
Tap the Plus or Minus icon to set the screen's brightness.

**Light 📸**
Tap the On/Off icon to set the ring light on or off.

**Date 📅**
- Tap the Set icon to display the Date Setting Screen.
- Swipe up or down on the month, day and year to set the date.
- Tap the Date Format icon to change the date format (DD/MM/YYYY or MM/DD/YYYY).
- Tap the green Check Mark icon to save.

**Time 🕒**
- Tap the Set icon to display the Time Setting Screen.
- Swipe up or down on the hours, minutes, and AM/PM to set the time.
- Tap the green Check Mark icon to save.

**Woof Woof Clock 🏡**
There is an hourly time signal with "woof woof" sound. Once it set on, your pet will happily bark to your every hour.

Tap the Set icon to display the Woof Woof Clock setting screen. Tap the On/Off icon to set the Woof Woof Clock on or off. If it is set to on, the My First Kidi™ Smartwatch will make a "woof" sound at the beginning of every hour from 7 AM until 7 PM.

**Pet Tag 🔄**
Tap the Set icon to select your pet's name and name tag badge. Tap the Arrow icons to select a name. Tap the Check Mark icon to confirm.

**Language 📘**
- Tap the Set icon to display the Language setting screen.
- Tap the language you would like to select, then tap the Check Mark icon to save.
Advanced Settings

• **Auto Screen Off**

Set an Auto Screen Off timer. Tap the left and the right arrows to set the time, then tap the green Check Mark icon to confirm.

Selecting Disable Auto Screen Off will not turn off the screen, but the screen will dim if there is no input for 30 seconds in Clock Display mode to save power.

Tip: If the Auto Screen Off time is set to one of the longer options, battery consumption will increase and the time the battery lasts will decrease.

• **Parental Controls**
  • **School Mode**

Access these settings to set the School and Game Limit modes. Tap this icon to display the School mode settings screen. You can set a repeating time at which the mode will start and end, and also set whether the watch will automatically enter this mode on weekdays, weekends, or every day.

During the School mode period, only the selected clock face will be displayed on the watch screen. Other activities cannot be accessed.

• **Game Limit**

Tap this icon to display the Game Limit mode settings screen. You can either disable games or set a daily time limit. By default there is no time limit set. You can choose a limit of 15, 30, 60 or 90 minutes per day. Once a time limit is reached, games will not be accessible until the following day. When games are disabled, the icons for Games and 2-Watch Connection will be locked in the Home Menu.

Tip: The Parental Controls settings are designed for parents of children who cannot yet read, as access to the menu is granted by following simple, on-screen instructions.

• **Factory Reset**

Factory Reset will reset all system settings to factory defaults.

• **FCC Compliance Statement**

This page confirms that this product complies with FCC regulations.
Care & Maintenance

1. Keep the unit clean by wiping it with a slightly damp cloth.
2. Keep the unit out of direct sunlight and away from any direct heat sources.
3. Turn the watch Off at the Master Power Switch if it will not be in use for an extended period of time.
4. Do not drop the unit on hard surfaces and do not expose the unit to moisture or water.

WARNING

A very small percentage of the public, due to a pre-existing condition, may experience epileptic seizures or momentary loss of consciousness when viewing certain types of flashing colors or patterns. Please consult your doctor if you have an epileptic condition or experience any unusual symptoms while playing. Turn off the light if you do not feel comfortable.

While the My First Kidi™ Smartwatch does not contribute to any additional risks, we do recommend that parents supervise their children while they play games. If your child experiences dizziness, altered vision, disorientation, or convulsions, discontinue use immediately and consult your doctor. Please note that focusing on the My First Kidi™ Smartwatch at close range or using it as a game controller for a prolonged period of time may cause fatigue or discomfort. We recommend that children take a 15-minute break for every hour of play.
TROUBLESHOOTING
Check this section if you experience difficulty operating My First Kidi™ Smartwatch.

NOTE
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.
Supplier’s Declaration of Conformity
47 CFR § 2.1077 Compliance Information

Trade Name: VTech®
Model: 5528
Product Name: My First Kidi™ Smartwatch
Responsible Party: VTech Electronics North America, L.L.C.
Address: 1156 W. Shure Drive, Suite 200, Arlington Heights, IL 60004
Website: vtechkids.com

THIS DEVICE COMPLIES WITH PART 15 OF THE FCC RULES. OPERATION IS SUBJECT TO THE FOLLOWING TWO CONDITIONS: (1) THIS DEVICE MAY NOT CAUSE HARMFUL INTERFERENCE, AND (2) THIS DEVICE MUST ACCEPT ANY INTERFERENCE RECEIVED, INCLUDING INTERFERENCE THAT MAY CAUSE UNDESired OPERATION.

To access this compliance statement from the product software:

1. From the Main Menu, choose the Settings icon 🤖.
2. Go to the Advanced screen 📱 and tap Set.
3. Choose FCC Compliance Statement 📝 to see the statement.

CAUTION
Changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

Shielded cables must be used with this unit to ensure compliance with the Class B FCC limits.

RF warning statement:
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
