INCLUDED IN THIS PACKAGE

- **VTech® Color Touch Tablet™**
- **VTech® Color Touch Tablet™** instruction manual

WARNING:

All packing materials, such as tape, plastic sheets, packaging locks and tags are not part of this toy, and should be discarded for your child's safety.

ATTENTION :

Pour la sécurité de votre enfant, débarrassez-vous de tous les produits d'emballage tels que rubans adhésifs, feuilles de plastique, attaches et étiquettes. Ils ne font pas partie du jouet.

NOTE: Please keep the user's manual as it contains important information.

Unlock the packaging locks:

1. Rotate the packaging locks 90 degrees counterclockwise

2. Pull out the packaging lock

Demo strip removal:

When the product is taken out of the packaging, please remove the demo strip from the unit to activate normal play mode.

GETTING STARTED

POWER SOURCE

The **VTech® Color Touch Tablet™** operates on 4 “AA” sized batteries (AM-3/LR6). The “AA” sized batteries included in the unit are for demo purpose only and are not long-life batteries.

BATTERY INSTALLATION

NOTE: For best performance, remove all factory-installed batteries and use new, alkaline batteries.

1. Make sure the unit is turned OFF.
2. Locate the battery cover on the bottom of the unit and open it.
3. Insert 4 “AA” sized batteries as illustrated.
4. Close the battery cover.

BATTERY NOTICE

- Use new alkaline batteries for maximum performance.
- Use only batteries of the same or equivalent type as recommended.
- Do not mix different types of batteries: alkaline, standard (carbon-zinc) or rechargeable (Ni-Cd, Ni-MH), or new and used batteries.
- Do not use damaged batteries.
- Insert batteries with the correct polarity.
- Do not short-circuit the battery terminals.
- Remove exhausted batteries from the toy.

- Remove batteries during long periods of non-use.
- Do not dispose of batteries in fire.
- Do not charge non-rechargeable batteries.
- Remove rechargeable batteries from the toy before charging (if removable).
- Rechargeable batteries are only to be charged under adult supervision.

USING THE MOTION SENSOR

For the motion sensor play to function at an optimum, hold the **Color Touch Tablet™** at a 30 degree angle (see picture).

From this position, when you tilt the **Color Touch Tablet™** away from you, it will give an “Up” response.

Conversely, when you tilt the **Color Touch Tablet™** towards you, it will give a “Down” response.

To get a “Left” and “Right” response, simply tilt the tablet left or right.

In the menu and in the activities **Color Caper** and **Snow Maze**, you can leave the tablet tilted in one direction to get a repeated direction response. But in the other activities, you must tilt the tablet each time to get a response.

USING TOUCH PANEL

Touch the icons on the LCD screen directly to make a selection or confirmation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution : changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
