

User's Manual

Dear Parent,

The gift of reading is the greatest gift you can give your child. That's why VTech developed the **Bugsby Reading System**.

Now you can see stories come to life in your child's imagination with our innovative and simple approach to reading. Designed with your child in mind, the **Bugsby Reading System**—allows your child to develop a love of reading with this adorable character. **Bugsby** builds on early reading skills, reinforcing lessons in phonics, word recognition, sentence structure and more!

At VTech we are dedicated to helping you help your children discover their gifts. We thank you for your trust in our uniquely developed products that encourage active minds through imaginative play.

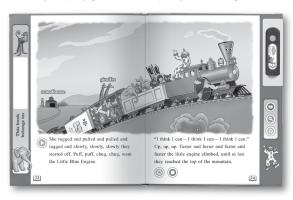

sincerely,

Your friends at VTech®

CARE AND MAINTENANCE

- Keep the Bugsby unit clean by wiping it with a slightly damp cloth.
- Keep the unit out of direct sunlight and away from direct sources of heat.
- 3. Remove the batteries when the unit will not be used for a long period of time.
- 4. Do not drop the unit on hard surfaces or try to dismantle it.
- 5. Do not immerse the unit in water or get the unit wet.
- 6. For best performance, keep the reading sensor at the bottom of the pen free of dirt.

TROUBLESHOOTING

- 1. If your Bugsby pen stops working or does not turn on:
 - Check your batteries. Make sure the batteries are fresh and properly installed.
 - Insert the tip of a paper clip (or a similar object without a sharp tip) into the small hole at the left side of the unit labeled "Reset."
 - If you are still having problems, visit our website at www.vtechkids.com for troubleshooting tips.
- 2. If after pressing the On/Off button, nothing happens:
 - Check to see that inserted batteries are aligned correctly.

Reminder:

For best performance, please make sure to turn the unit off before inserting or removing a cartridge. Otherwise, the unit may malfunction. If this happens, and the unit does not respond to pressing the On/Off button, remove the batteries and reinstall them. If the unit still does not respond, insert the tip of a paper clip into the Reset button.
