ASSEMBLY INSTRUCTIONS

With the **7-in-1 Senses & Stages Developmental Gym™**, safety comes first. To ensure your child's safety, adult assembly is required. For your child's safety, do not let your child play with the toy until it is fully assembled.

Gym Assembly

1. Lay the two arches criss-crossed with the black-and-white arch over the top of the colorful arch. Slide the C-ring at the end of the black-and-white arch through the middle loop on the colorful arch, then guide the fabric portion of the arch through the middle loop until the two arches are even.
2. Lay the arches on top of the **Play Mat**.

3. Connect the C-rings at the end of each of the arches to the fabric loops on each corner of the **Play Mat**.

NOTE

Install arches carefully. Keep arches away from children until the gym is fully assembled. Until secured, arches may spring out of place.

4. Attach the sensory toys to the activity links, then attach them to the fabric loops on the arches.

5. You have the option to attach the **Sloth Ball Storage Bag** to the side of one of the arches. Use the hook and loop closure on the sloth's paws to secure the bag to the arch.

6. Attach the **Xylophone** to the **Play Mat**. Feed the two attachment tabs on the **Play Mat** through the slots on the back of the **Xylophone**.

Kicking Play Assembly

1. To prop up the **Xylophone** for kicking play, attach the **Xylophone** to the **Play Mat** following the instructions in the section above. Take the xylophone/card stand and insert it through the holes on the **Play Mat** and into the slots on the back of the **Xylophone**. The flat part of the xylophone/card stand should prop the **Xylophone** up at a 90 degree angle.
2. Fold up the side of the **Play Mat** to prop up the **Xylophone**. Connect the fabric loops and tabs on the arches and **Play Mat** to secure.

Tummy Time Play

1. Remove the **Xylophone** from the **Play Mat** by removing the attachment tabs that secure the **Xylophone** to the **Play Mat**.

3. The xylophone/card stand attachment can also be used to prop up the sun mirror and the image cards.

Floor Play

1. The **Play Mat** can be used for tummy time play or seated play. Detach the sensory toys from the arches, then remove the arches by detaching the activity rings from the fabric loops on the **Play Mat**. Attach the sensory toys to the fabric loops on the **Play Mat** and prop up the image cards in the xylophone/card stand.

Ball Pit/Play Space

1. Fold up each side of the **Play Mat** to create the ball pit. Connect the four corners by inserting the fabric tabs through the fabric loops.
