HOW TO PLAY

Game Overview

Kitten Quest™ has three modes! First, you will **Adopt and Raise a Kitten**. After you've taken care of it, it will grow to be a young cat -- then, the adventure begins and you can switch between exploring the town in **Adventure Mode** and caring for your kitty in **Virtual Pet Mode**.

Adopt and Raise a Kitten

On the adoption screen, move the **Paw-Pads** left and right to select a kitten to adopt, then press a **Paw-Pad** to confirm your choice. Next, take care of the kitten until it grows to be a young cat!

The kitten will use thinking bubbles to tell you what it needs. For example, the first thing it will need is some milk . To take care of its needs, select and use items from the item tray. Use a **Paw-Pad** to move the cursor to the bottom to reveal the item tray. To pick up an item, move the cursor over it and then press a **Paw-Pad**. To use or place an item, move it to the kitten or to a floor location, then press a **Paw-Pad**.

Kitty's Needs

When the kitty needs to be taken care of, a thinking bubble appears above its head. Observe its needs and fulfill them with the appropriate items.

A New Kitten's Needs	
	The kitten is hungry. Feed it with a bottle of milk.
	The kitten wants to play. Pick a toy to give to it!
	The kitten is cold. A blanket would help keep it warm.

An Older Kitten's Needs	
	Kitty is hungry and needs food in a bowl.
	Kitty is thirsty and needs water in a bowl.
	Your kitten needs to go the bathroom! Clean up the litter box with a scoop.
	The kitten wants to play. Pick a toy to give to it!
	Your kitten has grown up! Give it a collar to start the adventure.

After raising your kitten, it grows up and you can split your time between exploring as your kitten (in **Adventure Mode**) and taking care of it at home (in **Virtual Pet Mode**).

Adventure Mode

The kitty's favorite jigsaw puzzle has blown away! Explore the town as your adopted kitten to find the missing pieces. By following the red guide arrow ➡, you can collect all the puzzle pieces. After you've collected the puzzle, you can try to finish all the levels in each mission and go treasure hunting. Adventuring makes your cat hungry! When you see 🍽️ over the kitten's head, it's time to return home and feed it in **Virtual Pet Mode**.
